

9 Reasons Why e-Core Is Your Trusted Partner for Atlassian Solutions

01.

**Our approach
centers on
your growth.**

Our unique SEED approach—comprising Strategy, Execution, Empowerment, and Durability—was carefully developed to optimize our client's environment while focusing on growth drivers. We excel in integrating **key methodologies** such as **SPM**, **DevOps**, **ITSM**, and **ESM**. Our commitment is to be more than just implementers; we aim to be partners in your journey, ensuring your environment not only launches successfully but also **thrives long-term**.

02.

**Never worry
about falling
behind.**

With a robust team of over **350 certified Atlassian professionals**, **e-Core** ensures your projects remain cutting-edge. Our experts are well-versed in the **latest Atlassian best practices**, enabling them to **identify** and **mitigate potential project pitfalls effectively**. Their proactive approach means your projects don't just meet current standards; they exceed them, setting new benchmarks for success.

03.

**Atlassian
environment
tailored to
your needs.**

At **e-Core**, we believe in **delivering solutions that genuinely meet your needs**. Our mission centers on **optimizing your Atlassian environment** for peak performance, which sometimes means recommending fewer licenses if that's what best serves your interests. Our client-first philosophy ensures that your requirements and goals always take precedence.

04.

**Seasoned
experts at
your service.**

Our over **19 years of partnership with Atlassian** has equipped us with **unparalleled expertise** and **insight**. With more than **85 Atlassian certifications and accreditations**, our team has led over **1.5k Atlassian projects worldwide**. This extensive experience across various industries enables us to bring a depth of knowledge and a breadth of best practices to your projects.

05.

All the perks of a Platinum Solution Partner.

Choosing **e-Core**, a **Platinum Solution Partner**, offers distinct benefits. Our elite status with **Atlassian** means we can **provide our clients with exclusive discounts and special conditions**. This partnership reflects our proven track record of excellence and **our commitment to delivering the highest quality solutions** tailored to the specific challenges your company faces.

06.

Licensing made convenient (and cost-effective).

Opting for **e-Core** as your sole **Atlassian vendor simplifies your licensing process**, making it more convenient and budget-friendly. Our expertise in **Atlassian products** ensures that you receive the most **effective licensing strategy**, tailored to **your company's unique needs and goals**. With **e-Core**, managing your **Atlassian** licenses becomes a seamless aspect of your overall strategy, allowing you to focus more on your core operations.

07.

We bring Atlassian to the table.

When you partner with **e-Core**, you get more than a service provider; you gain a **direct line to Atlassian**. Our close collaboration with **Atlassian** ensures that we bring the **very best of what they offer straight to your doorstep**. This partnership allows us to tailor the **most effective solutions**, precisely addressing the unique challenges your company faces.

08.

A Compass for the Atlassian Marketplace.

Our **specialized consulting** doesn't just select and set up your apps; we meticulously **adjust your licensing costs too**. This precision ensures your **Atlassian ecosystem** not only performs at its peak but also **delivers maximum value for your investment**. With **e-Core**, navigating the sea of apps becomes a voyage of discovery, optimizing every aspect of your **Atlassian** tools.

09.

Level up your team.

Whether you're starting or looking to deepen your expertise, **our comprehensive training programs for admins and end-users** unlock the **full potential of Atlassian tools**. Coupled with our dedicated support, you're never alone. Our experts are on standby to provide the assistance you need, ensuring your **Atlassian journey is smooth** and your team is empowered to leverage these tools to their fullest potential.

Make the most of your Atlassian environment with e-Core.

Service Delivery Excellence

"What we thought would be an impossible task became possible once **e-Core** got involved, thanks to their communication, flexibility, and knowledge."

John Fernandes

Director, PC Support Services
at Seton Hall University

"Previously, I had never trusted contractors because they lacked commitment and attempted to use shortcuts to solve a problem. My feelings changed with **e-Core**."

Jakob Jónasson

Director of Engineering
at Tempo Software

4.9 CSAT Robust engagement model globally tested and validated in 25 years of experience.
